

Usage / Deployment Instruction

Use the browser to access the application at <http://<instance ip address>> replace **<instance ip address>** with the actual IP address of the running ECS instance.

Below are the installation steps:

Step 1: Configuration:

The screenshot shows the Joomla! installation configuration interface. At the top, the Joomla! logo is displayed. Below it, a message states: "Joomla!® is free software released under the GNU General Public License." The interface has three tabs: "1 Configuration" (active), "2 Database", and "3 Overview". Under the "Configuration" tab, there is a "Select Language" dropdown menu set to "English (United Kingdom)" and a "Next" button. The "Main Configuration" section contains four input fields: "Site Name *" (with a red border), "Description", "Administrator Email", and "Administrator Username *". Each field has a corresponding instruction below it: "Enter the name of your Joomla! site.", "Enter a description of the overall website that is to be used by search engines", "Enter an email address. This will be the email address of the website Super User.", and "Set the username for your Super User account".
